ILLUSTRATIONS

	Page
Figures 1-3. Maps showing:	
1. General location of data-collection sites.....	3
2. Location of data-collection sites for Hyde County drainage canals.....	4
3. Location of data-collection sites for Beaufort County drainage canals and Campbell Creek.....	5
4-10. Graphs showing relation of:	
4. Water levels in drainage canal upstream (site H1A) and downstream (site H1) from tide gate.....	12
5. Water levels in drainage canal upstream (site H2A) and downstream (site H2) from tide gate.....	13
6. Water levels in drainage canal upstream (site H3A) and downstream (site H3) from tide gate.....	14
7. Water levels in drainage canal upstream (site B2A) and downstream (site B2) from flashboard riser.....	15
